IN FAVOR OF A CANAL.

Prominent Citizens of Panama Declare For the Great Waterway.

CONCESSIONS TO UNITED STATES.

Committee Suggests That Colombia Should Graciously Permit the Canal Company to Transfer Its Franchise.

Panama, Colombia, July 15.—President Marroquin of this republic last month decided to ascertain the opinion of the isthmian residents regarding the canal question, they being most vitally interested in having the business satisfactorily settled without further obstacles.

He instructed Governor Salazar of this department to appoint five prominent citizens here to study the matter carefully.

The committee rendered a report which was almost unanimous except on some trifling points. This report probably is already in the hands of President Marroquin, having been forwarded to Bogota some time ago.

So far as it is possible to ascertain the salient points of the commissioners in substance are:

The gentlemen of this committee not only consider it convenient, but emphatically declare that it is urgent to authorize, without unnecessary delays, the new Panama Canal company, to transfer to the United States government the concession it holds to build the interoceanic canal through Colombian territory. They suggest prompt government action, with prudent tact, but advise accelerating the pending negotiations in order to bring to fruition the United States preference for the prompt construction of the canal over the Panama route. Colombia would act in a suicidal manner if by unpardonable neglect or want of diplomatic ability on the part of her representatives, she could impose on the United States government the alternative of choosing the rival, or Nicaraguan route.

The practical or successful solution of the most important problem of the century, the ship dispatch continues has now become an indispensable necessity. Unnecessary delays and uncalled for sentiment should not compromise Colombia's future or the prosperity of the isthmus of Panama, which would become the commercial route of the world.

The members of the committee believe Colombia should graciously permit the canal company to transfer to the United States its concessions, bearing in mind not only the tremendous losses the original French shareholders already have sustained and the millions of francs paid by the company to the Bogota government at different times, but also the indisputable fact that United States engineers have been influenced in their selection of the Panama route over all others principally on account of the amount of the practical work already done on both sides of the isthmus, especially the Culebra cut.

In the committee's opinion every liberal and reasonable concession should be granted to the United States, provided the sovereignty and dignity of the republic of Colombia is maintained and effectually guaranteed.

To Fence Off Canada.

Helena, Mont., July 15.—It is proposed to build a wire fence 700 miles long on the boundary line between Montana and Canada. The necessity for this huge undertaking arises from the fact that several years ago a large number of cattle that had strayed into Canada from this state were seized by the Dominion officials on the ground that they had been smuggled. The fence will probably be built jointly by the Canadian and United States and will cost several hundred dollars.

Peace Among Brewery Workers.

New York, July 15.—Peace has been proclaimed at a meeting of the Central Federated union between the members of the brewery workers' union and the firemen and engineers employed in breweries of this city who have been fighting each other for years. The fight arose from an attempt by the brewery workers' union to force the brewery engineers and firemen to join it by ordering strikes against them.

New York, July 15.—Rev. William Hall Brokaw, who during the Spanish-American war had charge of the Young Men's Christian association at Camp Alger, besides assisting in the sanitary arrangements of the camp, is dead at his home in this city. He formerly filled the pulpit of the Protestant Episcopal church at San Antonio, Texas.

PREMIER BALFOUR

Addresses His Associates Upon Assuming His New Duties.

London, July 15.—Sir Michael Hicks-Beach has resigned as chancellor of the exchequer.

Perhaps never has a change of premiership been effected with so little dislocation to business, either public or private, as accompanied that transfer of the seats of office from Lord Salisbury to A. J. Balfour. The occurrence had no effect whatever on the stock exchange. The only other change in the cabinet thus far announced is the chancellorship of the exchequer, though others are foreshadowed.

Mr. Balfour, in addressing the first meeting of his followers at the foreign office informed them that he could not count on the continued assistance of Sir Michael Hicks-Beach, but he could count on the latter's good wishes.

The public showed little interest in the party meeting, which was summoned for noon. The new premier, when he entered the conference room of the foreign office, accompanied by the duke of Devonshire, Sir Michael Hicks-Beach, Lord Salisbury and others, received quite an ovation. When Mr. Balfour rose to address the meeting all stood up and cheered the new chief. Mr. Balfour referred to the loss of the services of the chief who for nearly 50 years had been engaged in active political life. No one, he said, would grudge him his well-earned repose, though his loss was irreparable.

"I do not flatter myself," proceeded the premier, "that the gap he has left can be filled. But the place he has left must be occupied and it because the king has desired me to do my best to take that position that I have asked you to meet me. I have accepted a great task and a heavy responsibility, certainly from no overweening belief in my own capacity, but because I am sure, or at least have every reason to believe that in attempting to carry on this work I will have the most important qualification a leader can have, namely the regard and confidence of those with whom he works."

After Mr. Chamberlain had delivered his message the conference dispersed.

On entering the house of commons subsequently, Mr. Balfour met with a great reception. The resignation of Sir Michael Hicks-Beach caused intense surprise. It was generally taken to be almost more important than Lord Salisbury's and was regarded in some quarters as being directly due to the more important voice which Mr. Chamberlain will have in the new cabinet.

John Redmond, leader of the Irish party in the house of commons, said: "It will have a more immediate and material result than Lord Salisbury's retirement. Sir Michael Hicks-Beach was an excellent check on Chamberlain, who is now practically all powerful. I do not regard the general political situation as being at all changed by Lord Salisbury's disappearance from active life."

Several other changes are likely to occur, including the retirement of Earl Cadogan, the lord lieutenant of Ireland, and the elevation of George Wyndham, the chief secretary for Ireland, to a seat in the cabinet.

Speculation is already rife as to who will be Sir Michael Hicks-Beach's successor. The name of P. W. Hanbury, president of the board of agriculture, is frequently mentioned.

General Chaffee Relieved.

Washington, July 15.—General Chaffee has been relieved of the command in the Philippines and ordered to the command of the department of the east, by an order issued by Secretary Root. The order reads as follows: "By direction of the president, Major General George W. Davis will relieve Major General Chaffee of the command of the division of the Philippines Sept. 30, 1902. On being relieved, General Chaffee will, with his authorized aid, repair to Governor's Island, New York, and assume command of the department of the east."

Henry Clay Washery Started.

Shenokin, Pa., July 15.—Two car loads of special policemen and laborers arrived here from Schuylkill county. The men 50 in all, went to work at the Reading company's Henry Clay washery, and is was successfully started. The strikers made no demonstration. The washery is the first to be operated in this region since the anthracite strike was inaugurated.

Pauncetote's Remains.

Southampton, July 15.—The United States armored cruiser Brooklyn, from Annapolis, July 1, having on board the remains of Lord Pauncetote, late ambassador of Great Britain at Washington, arrived here. The body was landed.

SHIPPING IS TIED UP.

Hives of Industry in the Chicago Railroad Yards Are Quiet.

TWENTY THOUSAND MEN ARE IDLE.

With the Exception of a Few Loads of Live Chickens, None of the Perishable Freight Is Removed.

Chicago, July 14.—The second week of the freight handlers' strike began with 20,000 men idle and shipping at a standstill.

The railroad warehouses, ordinarily hives of industry, were almost as quiet as they were Sunday, so far as regular business was concerned. At a distance from each warehouse was a company of pickets posted to keep freight from entering or leaving the sheds. Nearer the depots were guards of police on duty to protect the men in the warehouses and to quell any disturbance which might arise.

Gangs of nonunion men brought into the city to take the places of the strikers lounged about the warehouses or in their cars with scarcely anything to do.

President Curran of the freight handlers' union appointed a committee to visit the various railroads. But his proposition had reverted to the original one, further than ever away from the ideas of the railroad managers, and no hope was expressed that a settlement would be made.

Wholesale houses made practically no attempt to send out freight, or to receive it. These big establishments were all but closed down. The strike has cost them hundreds of dollars already, and they stand to lose millions should the condition continue.

The loss in wages to the striking freight handlers and their sympathizers, the teamsters, to all the railroads and other lines of business is roughly estimated at considerably over \$1,000,000 a day. The situation is admittedly very grave.

Commission merchants on South Water street declare this lively market dead. In times of commercial peace this street is one of the most congested in the Caucasian world. Now in front of many of the stores there was not a wagon and scarcely a crate, box or barrel of produce. Some had a few berries brought by boat from Michigan and Wisconsin, but these were about the only fresh arrivals. Thirty cars of highly perishable stuff was reported on the tracks, while many more cars containing commodities which will last a few days longer lay abandoned. Of the arrivals by rail only three carloads were cared for promptly. These contained live poultry. It was said that the humane society would not allow them to perish, and a permit was secured to take them to South water street.

One wholesaler had a carload of peaches on sale. The peaches came in Saturday by rail, but the teamsters refused to haul anything from the railroad. The dealer thereupon shipped the car around the lake to St. Joseph, Mich., where the consignment was transferred to a boat and reached here later.

President Field of the Knickerbocker ice company stated that the ice men were hauling ice everywhere, including the railway depots and to cars. This was denied by some of the strikers.

The conferences between committees of the men and the railroad managers generally came to naught. Even when President Curran told the committee-men to accept 17½ cents, a modification of his earlier instructions, no progress was made.

L. A. W. Meet.

New York, July 15.—On Wednesday of this week the annual meet of the League of American Wheelmen will begin at Atlantic City, N. J., and will last to the end of the week. An elaborate program has been planned, including daily runs from Philadelphia to Atlantic City and racing every evening. On Wednesday the annual good roads convention will be held.

No Grain Moving.

Boston, July 15.—Up to date there seems to be no improvement of the conditions in grain exportation from this city. Many of the large ocean liners, which make this port, are leaving without an ounce of cereal. The steamships that have left during the past week carried out only 170,000 bushels, compared with 851,000 in the same week a year ago.

New York, July 15.—The Peary relief ship Windward started on her voyage to the Arctic regions. The work of taking on stores has proceeded rapidly.

AN OHIO WOMAN

Furnishes Information of Benefit to an Unfortunate Wanderer.

New York, July 15.—Ten days ago a poorly clad man, apparently a tramp, applied to Sheriff Johnson at Mineola, L. I., for lodging. He was paralyzed on the right side from the shoulder down, and was unable to speak or write. In his clothing a slip of paper was found bearing the name of Mrs. Eva Johnson, Newark, O.

The sheriff wrote to Mrs. Johnson and asked for information concerning the man, and has received a reply saying he is Adolf Miller. Last November he had a stroke of paralysis and was sent to the hospital, from which he disappeared. Soon after notice was received stating that a sum of several thousand dollars had been left in trust for Miller's maintenance by a relative in Germany. Upon receipt of this news a deputy sheriff was sent to Jersey City with Miller, who was put on a train for Newark, O.

Record of Waller Case.

Washington, July 14.—The incoming of the mail brings the full printed record of proceedings in the courtmartial cases of Major Lytleton W. Fuller and John H. A. Day of the marine corps, growing out of the killing of some native bearers, or Cargadores, in Samar. The record shows that Major Waller was acquitted of the charge of murder, but that General Chaffee, declaring that "there has been a miscarriage of justice in the case. Disproves the finding and the acquittal, with the exception that while Waller should not have been found guilty of murder, the court should have included a lesser offense. General Chaffee's indorsement is very strong, and he declares that with the exception of three who deserted, no overt acts were committed by the Cargadores, but on the contrary, those sent to their death continued to the last to carry the arms and ammunition of the men after they were no longer able to bear arms, and to render in their impassive way such services as deepens the conviction that, without their assistance, many of the marines who now survive would also have perished."

Want Friars to Leave.

Washington, July 15.—It was learned here that the reply of Secretary Root to the dispatch of Governor Taft has already been cabled to Rome. It is in the nature of instructions as to what rejoinder shall be made to the vatican in answer to its first general reply to Governor Taft. These instructions to Governor Taft were prepared before Secretary Root left Washington, but were deemed of such importance that submission to the president was thought desirable. The position of the United States is unchanged, and the instruction to Secretary Root, issued before Governor Taft went to Rome, are adhered to in every essential. The important point of those instructions were that the Friars should be withdrawn and upon this question the administration remains firm. The rejoinder is a big document, and is couched in such language that there will be a continuance of the negotiations.

Spooner Visits the President.

Oyster Bay, N. Y., July 15.—Senator Spooner of Wisconsin arrived at Sagamore Hill, and after a conference with the president and Secretary Root left for New York. Mr. Spooner successfully eluded newspaper men, not one of whom saw him. His conversation with the president related in part to the purchase of the Panama Canal company's property. Senator Spooner has been invited by the department of justice to accompany one of the assistant attorney generals to Paris to assist in the investigation of the title of the Panama Canal company's property. Whether he will go or not has not been decided.

Mohican Is Safe.

Seattle, Wash., July 15.—The United States training ship Mohican is safe. She arrived at Dutch harbor in distress June 28, after being out from Yokohama 39 days. When she arrived at Dutch harbor she was out of fuel, and the food supply was running low. Three days more and it would have become a serious question of finding sufficient to eat for the young sailors on board. The fact that she carried a full complement of sails probably saved her. The Mohican left Yokohama bound for Honolulu direct, but encountered head winds that drove her off her course.

Lipton's New Challenger.

London, July 15.—Sir Thomas Lipton's arrangements to challenge again for the America's cup will be practically completed in a couple of months. The plans for working model of the challenger are finished and in a safe at the Fairlie yard. Draughtsmen are now preparing the working drawings and the officers of the Shamrock III are already engaged.

COLLAPSE OF A TOWER

The Old Bell Building of St. Mark's Church at Venice Falls.

RUINS ARE PILED UP SKY HIGH.

Sudden Destruction of an Ancient Piece of Architecture in Italy. Royal Palace and Other Buildings Damaged.

Venice, Italy, July 15.—The Campanile (detached bell tower) of St. Mark's church, 98 metres high, collapsed at 10:40 a. m., and fell with a crash into the piazza.

The Campanile, which was entirely detached from the cathedral, collapsed where it stood, and is now a heap of ruins. The cathedral and palace of the doges are quite safe, but a corner of the royal palace was damaged. Repairs on the Campanile were to have been commenced at once. It is feared there were some loss of life. The ruins are surrounded by a cordon of troops. The first intimation of danger was the sudden appearance of a longitudinal crack in the corner of the wall, facing the clock tower, and the breaking of two windows. A concert which had been arranged to be held on the piazza was stopped by order of the prefect, with the object of preventing a concourse of people.

The Campanile stood opposite the church, or cathedral of St. Mark's. It was founded in 888, restored in 1229, provided with a marble top in 1417, and in 1517 was crowned with the figures of an angel nearly 15 feet high. The loggia or vestibule on the east side of Campanile was once a rendezvous of the Nobilia and afterwards a waiting room for the guards during the sessions of the great council. There were bronze statues of peace, Apollo, Mercury and Pallas on the coping of the Campanile, and its fine bronze doors were much admired. At the top of the tower a fire watchman, with a telescope, was continually stationed.

The ruins are piled up to a height of 100 feet, and the piazza Di San Marco and the adjoining squares are covered with debris and dust. Some damage was done to the San Savino loggia, or vestibule, on the east side of the Campanile.

Work Resumed.

Johnstown, Pa., July 15.—Operations were started in every section of the mine of the Cambria Steel company, except the Klondike, where the fatal explosion of Thursday occurred. A majority of the 50 men on hand when the first trip went into the mine were foreigners. They did not seem to have the least hesitation in re-entering the mine where so many of their fellow-countrymen lost their lives. In a short time they were at work cleaning up the rooms. This work will take some time. A full force of men is expected to be at work before night, with the exception of the Klondike, where a large force of men are cleaning up the falls that were blown down. When this is completed, the mine inspectors will make an investigation before it can be opened again for operation. The inquest will probably not be held before next Thursday. No more bodies were brought out or have been discovered.

Revolver Record.

San Francisco, July 15.—At the regular monthly medal shoot of the Golden Gate Rifle and Pistol club, held at Shelmont Range, J. G. Gorman broke the world's 100 shot revolver record with a score of 924. Gorman's score was made upon ten strings of ten shot each. None of the minor strings was imperfect, a feat never before accomplished in competition, although two eastern marksmen have made repeated trials.

Fortune For Duties On Art.

New York, July 15.—If full duty be paid on the paintings, statuary, bronzes and other works of art, comprising the Massarant collection, part of which has arrived from Italy, Henry Walters of Baltimore, the purchaser, will have to turn over to the customs authorities at least \$150,000. Mr. Walters paid about \$1,000,000 for the collection, and the duty on paintings brought from Italy is 15 per cent.

No Action Taken.

Washington, July 15.—The criticism of the Cuban people ascribed in a publication to General Bragg, United States consul general at Havana, has not been officially brought to the attention of the state department, and until it is, there will be no action in the case. Senor Quesada, the Cuban minister, spent the day in one of the suburban resorts and consequently did not call at the department.

The Republican party and the trusts are one and indivisible, remarks a writer.

While the administration is supposed to be fighting the beef trust, the packers have gone right on in their work, and it is reported they have now secured control of the markets of the world. They likely know they have nothing to fear from a Republican administration.

Children's Stockings!

Dozens of odd lots and odd sizes have accumulated during the season and must be cleared out at once. Nothing but a bargain price and that a remarkably low one can make odd lots march. For full appreciation of the price cut on these stockings, all we ask is an examination, the closer and the more critical, the better—they'll stand the test of sharpest scrutiny. They are faultless, comfortable, well made, sturdy stockings for little feet. Ribbed effects predominate. Black only.

REAL SUCCESS.

It is Measured by One's Usefulness to His Fellows—A Millionaire's Views.

[Exchange.]

Mr. John D. Rockefeller, Jr., in a recent talk to his Bible class in New York City, told the young men under his charge that the real success in life was not money-getting or the winning of fame or power, but attaining the highest degree of usefulness to one's fellows. This is sound ethics, and does not by any means tend to destroy effort for reasonable success in material things. A man with a money-making talent may properly exercise that talent to its fullest legitimate extent. What is asked of him is that he shall not devote the wealth obtained by the exercise of his special gift to the exclusive gratification of his selfish desires. He is under a moral obligation to contribute to the good of the community. Such teaching, which is very wise and ancient teaching, long disregarded by the majority of men because it is hard for us to act unselfishly, is nevertheless gaining effectiveness year by year.

The truth is beginning to be realized that the most successful men are those who do the greatest good and who leave behind them a name made sweet by memories of their good deeds. In St. Louis, for instance, cites The Republic, our foremost citizen for years was the late James E. Yeatman, and his character and the story of his beautiful life still live as a shining example. He could have become a very rich man, but he chose to spend his accumulating wealth in helping his fellowmen and to devote most of his time and attention to philanthropic work. He died poor in the lower sense, but splendidly rich in the higher meaning of the word. More than one millionaire to-day is eloquently testifying to an honest belief in the teaching that great wealth brings correspondingly great responsibilities of helpfulness to the world of one's time. Fortunes are being devoted to charitable and educational purposes. It is the folly of prejudice not to face a truth so full of happier significance. Never before in the world's history have great wealth and the forceful talents by which it was acquired been so gladly at the service of teachers and institutions whose mission it is to help and uplift humanity.

Mr. Robert L. Greene, candidate for the Democratic nomination for Clerk of the Court of Appeals, spent Monday in Maysville shaking hands with his many old friends and making new ones. Mr. Greene is a native of Bracken and still has his home in our neighboring county. He has been a Deputy for several years in the office he seeks, and the duties of the position have largely devolved upon him. His experience has especially fitted him for the place, and the party will certainly make no mistake in nominating him.

"Hoch Der Morgan."

[Danville Advocate.]

The journey of Mr. Morgan to the German Empire is likely to be very conducive to friendly relations between Germany and the United States. Mr. Morgan has admitted the German Emperor to his presence, and treated him with as much graciousness as if he had been the real thing, a captain of industry, or something of that sort, rather than an ordinary Dutch Emperor. It is understood that the Emperor received assurances that he would be permitted to continue to reside on Mr. Morgan's estate. The other Kings and Emperors in Europe are also being treated with remarkable consideration and liberality. "Hoch der Morgan," is said to be the popular cry in the Empire.

Mr. John H. Fitzgerald, Jr., youngest son of the late John H. Fitzgerald of the West End, died a few days ago at his home in Cincinnati, of consumption. He is survived by two sisters, Mrs. Peter King and Mrs. Minnie Brown. The latter has been seriously ill at her home in Rochester, N. Y.

Hon. John B. Chenault has announced his candidacy for the Democratic nomination for State Auditor. Mr. Chenault married a daughter of Mr. J. B. Burgess of this city and has many friends here who will be glad of the opportunity to help him out in his race for Auditor. He is the present State Insurance Commissioner.

Miss Gordon announces she will open her private school for boys and girls in the chapel of the Church of Nativity the first Monday in September, 1902. The chief aim of the school shall be to instill high principles and to develop true and noble character, while the same careful drill and thorough discipline which have characterized her work in the Girls' High School the past fourteen years will be adhered to. Those wishing particulars may call on H. C. Sharp, State National Bank, Maysville, or write Miss Gordon, Maxwell street, Lexington, Ky.

Oil was struck in paying quantities in Lewis County last week, on the land of Mr. A. J. Stein of Vanceburg. The territory lies in the southern part of the county, and has been pronounced by geological experts to be a most favorable section for oil. The oil found was a superior grade of green oil, almost identical with the illuminating oils produced in Pennsylvania, differing from the Ragland oil in this respect. The last report from the Lewis County well is that the oil stands between 180 and 200 feet, promising a production of forty to fifty barrels a day.

The C. and O. railroad has completed the combination of the Elizabethtown, Lexington and Big Sandy, Kentucky and South Atlantic and Ohio River and Charleston railroads as the "Lexington and Big Sandy Railway Company," capital \$4,800,000. Headquarters are to be established at Ashland. These seven directors will manage the road: Garrett B. Wall, George Stevens, Decatur Axtell, H. T. Wickam, C. E. Wellford, H. C. Boughton and F. T. D. Wallace. The roads were consolidated under a Kentucky statute that allows local and foreign railroads to consolidate without additional organization tax. The purpose is to reduce operating expenses. Garrett B. Wall is a son of Judge Wall of this city.

Nature has just one pigment on her palette with which she produces all the marvelous tints of beauty, and that one pigment is the blood. The shell-like pluck beneath the finger nails, the delicate rose of the cheek, the cherry ripeness of the lips, the iridescent brilliance of the eyes are all produced by the blood. Just as the permanence of a beautiful painting will depend upon the purity of colors with which it is painted, so the permanence of beauty depends upon the purity of the blood. Paint, powder and cosmetics won't avail to preserve beauty. Beauty begins in the blood. Dr. Pierce's Golden Medical Discovery is a true beautifier, because it provides for nature that pure blood with which alone she can paint. The use of this medicine will cleanse the skin, brighten the complexion, brighten the eyes and give to face and form that radiance of health which is the greatest charm of beauty. Dr. Pierce's Pleasant Pellets are very effective in ridding the system of clogging residuum, which accumulates with constipated habit.

The More--The Less

In a few days the carpenters will commence hammering and tearing down walls in our second floor and their main cry will be room, more room, and the more room they will need the less goods we must have. We must reduce our stock and price shall be the propeller that will drive our bargains with tremendous speed.

Some Rebuilding Reduction Prices:

LAWNS, LAWNS—8½c. Lawns for 5c.: 10 and 12½c. Lawns for 8½c.: 15 to 25c. Lawns for 10c. Still choice patterns in these lots.

SHIRT WAIST SPECIAL—We may still have your size in those \$1.25 to \$2 Shirt Waists at 79c. Of course they are the "Royal" which is the synonym of Shirt Waists that fit.

UMBRELLAS—Judging from the way we have been selling those \$2 to \$3 Umbrellas for \$1.39, everybody will be prepared for a heavy rain.

RIBBONS, EMBROIDERIES—Twenty per cent. reduction on all Ribbons and Embroideries.

A GOOD TIME TO BUY a Woolen Dress and a good time to save 20 per cent.

CARPETS AND MATTINGS—Great reductions in this department. This is the space the carpenters need most.

Our remaining Hats are marked with an "unremaining" price.

MERZ BROS

DIED MONDAY.

Mayslick Loses One of Her Old and Respected Citizens in the Person of Mr. C. G. Worthington.

The venerable C. G. Worthington, whose illness was recently mentioned, died Monday evening at 7 o'clock at Mayslick. He had been steadily declining for some time as a result of the infirmities of old age.

Mr. Worthington was born at Mayslick, and lived to almost round out his four score years, being seventy-nine at the time of his death. His wife, who was a Miss Watson, survives him, with one son and two daughters. Mr. Worthington filled the position of Police Judge of Mayslick a number of terms.

The funeral will take place Wednesday at 10 a. m. at the Mayslick Presbyterian Church, Rev. A. H. Lindsay officiating. Burial at Mayslick Cemetery.

River News.

The big Pittsburger Charles Brown left some coal at Aberdeen Monday.

The steamer Gould is sporting a new whistle. The old one sounded too much like the Tacoma's.

Gould and Tacoma for Portsmouth tonight, Bonanza for Pomeroy and Virginia for Pittsburg. Down, Indiana.

Many of the deckhands and firemen employed on the independent and combine towboats jumped their boats upon their arrival at Cincinnati, and it is said that some of the boats had to pay big money to get labor.

Elmer E. Galbraith of Ripley has sold to Fred Kelech about 220 acres near Dover for \$7,835 and other consideration.

Born, to Mr. and Mrs. W. T. Cole, of Greenup, a daughter.

Mrs. Perrine Osborne is quite sick at her home near Fern Leaf.

Enoch Judy of Millersburg gets an increase of pension to \$10 a month.

The C. and O.'s earnings the first week of July showed a falling off of \$70,726.

The mother of Rev. J. O. A. Vaughn has been very ill with appendicitis at Harrodsburg.

Wm. Smith, of Tollesboro, will hereafter receive a pension of \$12 a month, having been granted an increase.

Kentucky had nearly forty delegates at the Baptist Young People's Union convention at Providence, R. I., last week.

It is said that the Chesapeake and Ohio has determined to inaugurate a pension system for the benefit of its aged and disabled employees.

Maysville Red Men are still booming things. They have secured about thirty applications since the big class of 114 were received last week.

We are offering watches and diamonds at \$10 to \$15 less than our competitors. Solid silver and cut glass, the largest assortment in the city, at a sacrifice.

CLOONEY & PERRINE.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

RURAL FREE DELIVERY.

An Additional Route to be Recommended in This County, For Mayslick and Vicinity.

Special Agent Walkley of the Post-office Department will, it is learned, recommend the establishment of a rural free delivery route for Mayslick and vicinity. This is in addition to the four routes spoken of some days ago.

Mr. Walkley inspected the route Monday. It starts at Mayslick, runs south over the Lexington pike to Peed, thence northwest over the Raymond pike to the Sardis and Mayslick pike, thence back to Mayslick, thence north on Lexington pike to the Clift pike, thence to the Hill City extension, thence to Helena Station, thence over the Mayslick and Helena pike to Mayslick.

The route is about twenty-four miles long and will give a large territory the privileges and benefits of the free delivery service.

Public Attention.

The leading clothier, E. A. Winterfeldt, of Mt. Olivet, has come into this community to open a branch store of clothing, furnishing goods, hats, caps, trunks, valises, etc., at prices which will astonish the people. We come to stay among you and assure you honest dealing or no sale. Give us a show to convince you and you will see that we can undersell Maysville at any time. Our expenses are so much smaller we can afford to undersell. Call at the John Walton building, next to hotel, Mayslick, and look over our line. Inspection free of charge. Mr. E. L. Barnes, manager, will be glad to wait on you. Had opening Saturday, July 5th, 1902. Mayslick, Kentucky.

From the information at hand the C. and O. is re-arranging its schedule, the present not having proved entirely satisfactory.

The funeral of the late Miss Annie Hudson will take place Wednesday morning at 10 o'clock at the family residence in Aberdeen, the interment following in Charter Oak Cemetery.

Mr. and Mrs. Robert Cochran have again generously opened their beautiful grounds to the Y. M. C. A. for a garden party the evening of July 18th from 7 to 10 o'clock. Twenty-five cents includes admission and refreshments.

The Keystone Commercial Company's new place of business, corner of Third and Sutton streets, shows us finely in its coat of white paint. It is also receiving a thorough renovation inside, and a nice office is being fitted up for the local manager, Mr. John Y. Dean, and his assistants.

O. H. P. Thomas & Co., Nos. 120 and 122 Market street, Maysville, Ky., sell Old Time Bourbon and Maysville Club Rye, direct from the distillery, by the quart, gallon or barrel; the finest in the State; guaranteed pure and as represented as to age. THE H. E. POGUE DISTILLERY CO.

Dr. A. D. Buckner, formerly of Cincinnati, but for the last three years President of King College at Bristol, Tenn., has resigned to take charge of two Presbyterian churches near Lexington, Va.

In the line of diamonds, watches and fine sterling silver we are showing the handiwork line to be found in the city. Our prices are lower than goods of similar quality can be bought for anywhere. Have a look. MURPHY, the Jeweler.

Horace Lane, the largest boy of his age in Kentucky, if not in the United States, is dead at his home in Ballard County. He was fifteen years old, weighed 355 pounds and stood six feet high. No coffin could be found large enough, and a carpenter had to make one.

Poyntz Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

WICKED PARIS.

Murders, Suicides and Other Sensations Have Shocked the Good People of the Town.

[Paris Democrat.]

Paris is getting to be a sensational town. Within the last few weeks there have been murders, suicides, railroad accidents, and this week two of its citizens have been charged with violent abuse of their wives, and one of the latter is a minister of the gospel. It is not through fear of bodily harm from either of these wife abusers that we do not publish all the facts, but on account of the respect we have for the ladies and children whom it would bring into public notoriety. They are to be pitied. One of these violators of the law has so thoroughly saturated his system with liquor that he is on the verge of insanity. The other, a minister, has for years been teaching, preaching and writing to uphold the highest standard of morality, and then unmercifully abuses his wife. Such a man is a "wolf in sheep's clothing," and to say the least of it, he should be fired from his church.

BARKLEY'S

It's a Sure Thing

That you can buy a pair of men's Shoes at the New York Store cheaper than anywhere else, for the simple reason that all men's Shoes must be closed out in a few weeks to make room for another class of merchandise. Ask people that bought some last week about the prices—it will astonish you. Don't forget that we also carry a splendid line of ladies and children Shoes, and that we give you better values than regular shoe stores. We carry a nice clean line of goods, and are anxious to please you.

GRAND JURY

Requested to Investigate the Death of Norah Ferris.

Columbus, O., July 15.—Attorney General Sheets wrote a letter to the prosecutor of Delaware county, stating to him that in his opinion there was good reason to believe that a prosecution against Matron Sellers for manslaughter in the death of Nora Ferris, the girl at the Girls' Industrial school, could be maintained and ordered him to lay the matter before the next grand jury in that county.

Bakers Strike.

Chicago, July 15.—Five hundred bakers of the McMahon Cracker and Biscuit company went on a strike here. No demands have been made on the company, according to Mr. McMahon. The company is unable to explain the absence of the men from work, inasmuch as the officials say that an increase in the wage scale was granted several weeks ago. The strikers maintain that they are underpaid and have to work 10 hours daily instead of nine.

Tracy Again Surrounded.

Ravensdale, Wash., July 15.—Sheriff Hartman of Pierce county announced that he believed his deputies and those of Cuddehe's posse, which are now concentrated in the vicinity of Enumelaw, had completely surrounded the territory in which Tracy is hiding. The combined forces of three sheriffs can now be brought into requisition if necessary upon short notice.

Nonunion Man Kidnaped.

Hazleton, Pa., July 15.—Unknown persons raided the home of William Hussman, a nonunion man at Upper Lehigh, and after getting Hussman and his wife out of bed, attempted to burn the house. During the melee the stove upset and all the furniture was destroyed. Neighbors extinguished the fire. Hussman was led away by the marauders and is still missing.

Corea Will Participate.

Yokohama, July 15.—The emperor of Corea received John Barrett, commissioner of the St. Louis exposition, in audience July 12 and accepted the invitation for Corea to participate in the exposition.

Train Held Up.

Salida, Col., July 15.—A report was received here to the effect that the Denver and Rio Grande narrow gauge passenger train was held up and robbed by several men near Sargents, west of Marshall Pass.

Merriam's Commission.

Washington, July 15.—The president has issued a commission to Director Merriam under the new permanent census law as director of the census.

Arrest of a Firebug.

New York, July 15.—John Prisan, a chubby-faced boy, 10 years old, has been arrested on a charge of arson. If the boy's statements in a confession said to have been made to the police are to be believed, the boy is a member of a dangerous gang of youthful firebugs, who have caused large loss of property and possibly the death of a woman.

Death of Justice Little.

St. Johns, N. F., July 15.—Sir Joseph Ignatius Little, chief justice and deputy governor of Newfoundland, died at the age of 67. Owing to the recent resignation of Justice Donald Morison, which vacancy has not yet been filled, Sir Joseph Little's death leaves Justice George H. Emerson the only successor.
